UNITED STATES SMALL BUSINESS ADMINISTRATION (SBA)

The Small Business Administration (SBA) is dedicated to every stage of their business through the three C's: contracting, counseling, and capital. The SBA also offers online learning services that provide training courses at your convenience. This is all facilitated through the local SBA District offices.

While the SBA does not provide loans to small businesses, they help to facilitate a loan through a bank/credit union, by guaranteeing a certain portion of the loan will be repaid.

You can find out about opportunities online at:
